Chalk Paint® & Workshops

Chalk Paint® is a water based paint in 32 colors made specifically for painting cabinets & furniture, floors and for giving walls a completely matte, velvety, breathable finish. Surfaces need no priming or special preparation other than cleaning as this paint sticks to virtually everything!

All three locations offer a free Chalk Paint® demo. If you are interested in something a little more in depth and with more technique we offer many different workshops. Check our website for more information and a schedule. Simply click on the "workshop" tab.
